

Rapunzel's Tower

RAPUNZEL'S TOWER

The classic fairy tale has been given a makeover thanks to HTML5 technology, including the princess's long locks of blonde hair, which look better than ever.

This 3x5 20-line slot provides massive wins with the stacked Rapunzel wilds, while the "Bonus Wilds stick until you win" feature means players are given a greater opportunity of wins, as The Bonus Wild symbols are locked in place and the game re-spins until a winning combination is triggered.

And make sure you hit the Free Spins bonus and make the Prince save Rapunzel from the Tower.

The reengineered slot offers stunning graphics and immersive sound across desktop, mobile, and tablet. But be quick to try out the game, as the princess is waiting for your help!
